Brattlegrow Compost is great for new lawns and gardens; as well as for lawn repairs & garden repairs. It is also excellent for fertilizing/top dressing lawns and athletic fields. Our compost products are produced at the WSWMD facility on Old Ferry Road in Brattleboro. All of our compost products are made from carefully managed residential and commercial food scraps, leaves, wood chips, and grass clippings. We are very proud to be one of the largest compost facilities in Vermont. Contact one of our distributors for smaller amounts and for 1 to 10 or more cubic yards.

WSWMD Compost Products:

- 3/8 inch screened compost
- 1/2 inch screened compost
- We can blend compost and soil mixes upon request - call or email WSWMD for more information

Contact Windham Solid Waste if you are interested in becoming a distributor. We have a new screener and our compost is available in large bulk quantities. For 10 cubic yards or more and for any questions about our compost, contact us: (802) 257-0272, email: office@windhamsolidwaste.org.

WSWMD Swap Shop

The WSWMD Swap Shop is open Saturdays from 8:30AM to 12:00 PM during spring, summer, & fall. The Swap Shop is open on the 2nd Saturday of the month, from November - April. It will be announced on our website when the winter/spring schedules begin: www.windhamsolidwaste.org.

The WSWMD Scalehouse/Transfer Station is open every Saturday from 8AM until the gate closes at 1:00PM. The Scalehouse schedule continues through the winter months.

The Swap Program volunteers determine if items presented will be accepted. The volunteers must check everyone's materials upon arrival because there is limited space and because the Swap Program is not a free dumping area. If items are rejected and they are to be disposed of, bring them to the Scalehouse - a pass or sticker is required, and disposal fees will apply.

If you have any large items or any questions about items that you would like to bring to the Swap Shop, please email them at: swapshop@windhamsolidwaste.org
